

QUICKGUARD EXPRESS

QuickGuard Express is ordered in standard size sections based on few components, easy to assemble and faster to install. Just calculate the number of doors required and the meters you need to cover for the machine guard enclosure, and you are ready to order on fixed article numbers. No drawings needed. QuickGuard Express is assembled with full size mesh and horizontal U-profiles at the top and bottom, instead of the 44x44 mm profile that is used in QuickGuard Standard.

FACTS

ART. NO	COMPONENTS
15700010	QGE 44x44 1074x1816x2000 (E11-N20X4 2TLA040101R0200)
15700020	QGE 44x88 1074x1816x2000 (E11-N20X8 2TLA040101R0300)
15700030	QGE Mesh 1074x1816x2000 (E11-N20Z 2TLA040101R0400)
